Emery AirFreight,

Too bad you didn't enjoy A.P. European History but Judy was kindof funny anyway. We had a good time in Bible. Too bad the "Bach" won't be back, though. Well, have a good summers and I'll see ya in the fall.

Mark the J.

EMERY COLUMNA

Dear Emmy - It was a good thing I beat you in Tennis all the time cause I would have been pretty upset if a crummy player like you would win! (don't feel bad) Have a real good summer + don't do anything I wouldn't! See ya next fall. Your great friend

Tatti

To my friend Emmy,

Enjoy my book in all good health. All jokes aside it has been a good year. Maybe we will be in the same A.P. physics class next year.

Gabriel Abraham

Emery:

well another year has passed this makes 5. You should take A.P. physics. It was interesting to have you in calculus and have MR Holmes joke about you and Steve. Come out for soccer next year and you will go places.

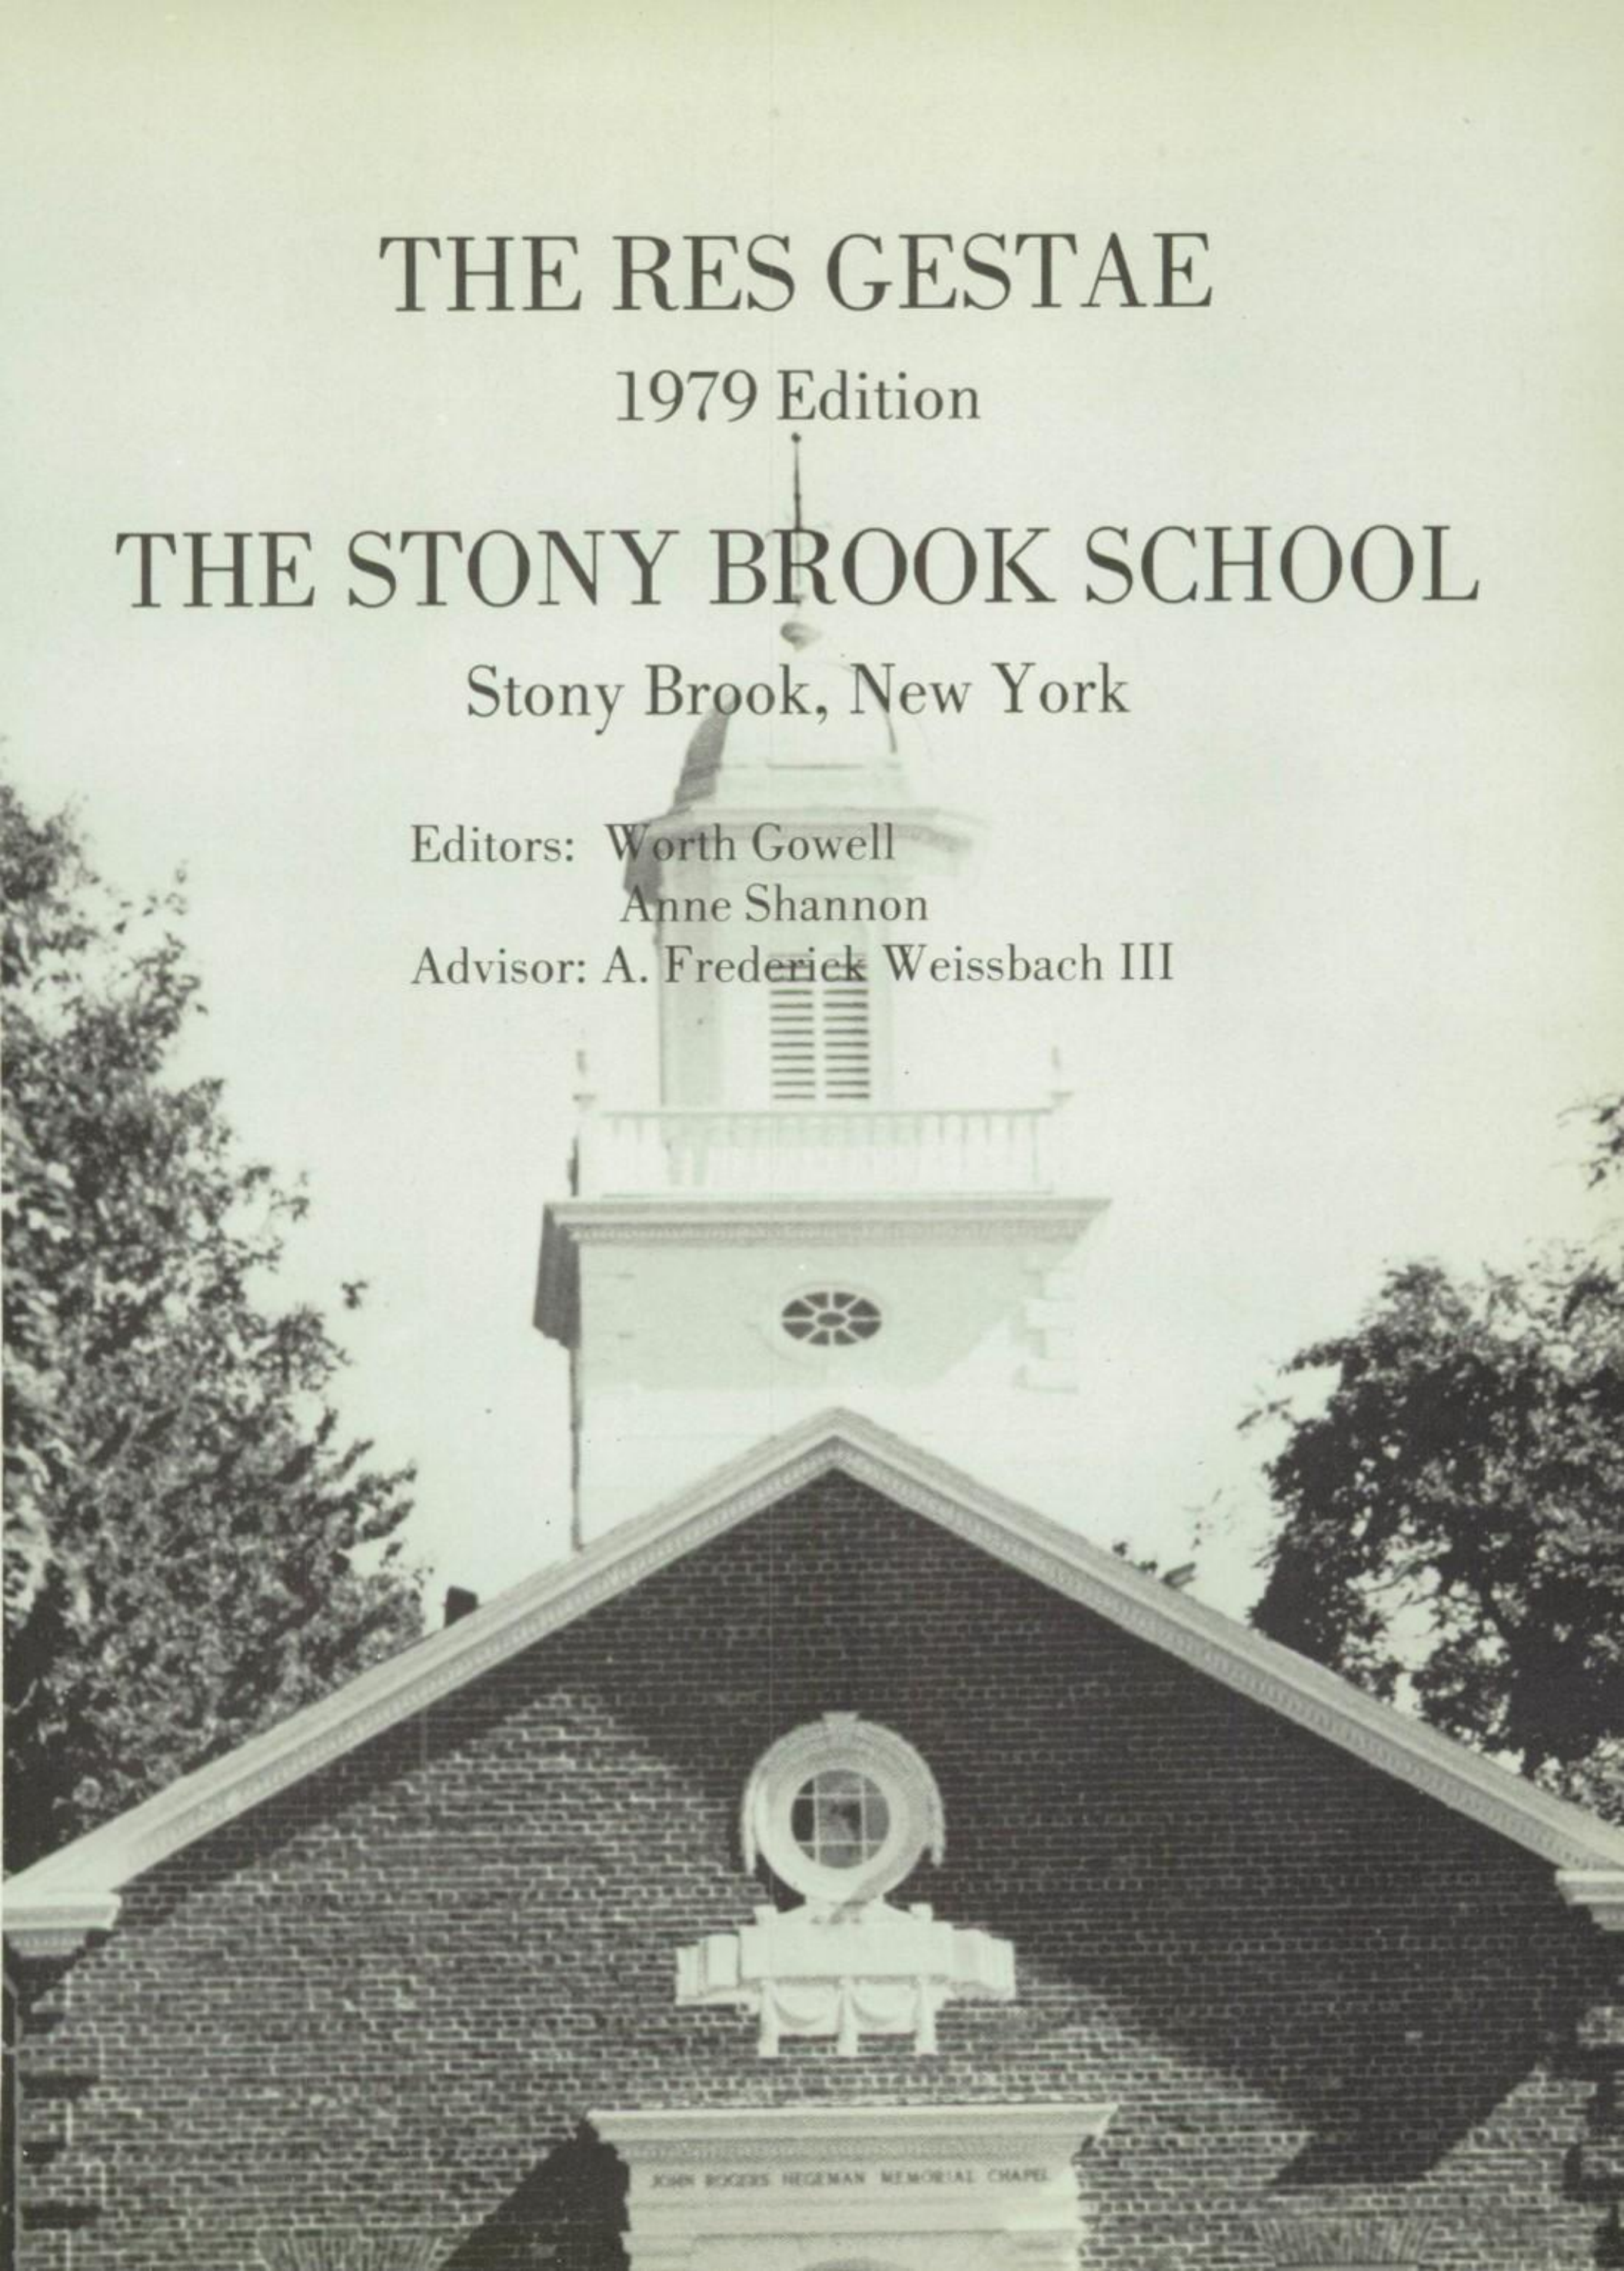
THE RES GESTAE

1979 Edition

THE STONY BROOK SCHOOL

Stony Brook, New York

Editors: Worth Gowell
Anne Shannon
Advisor: A. Frederick Weissbach III

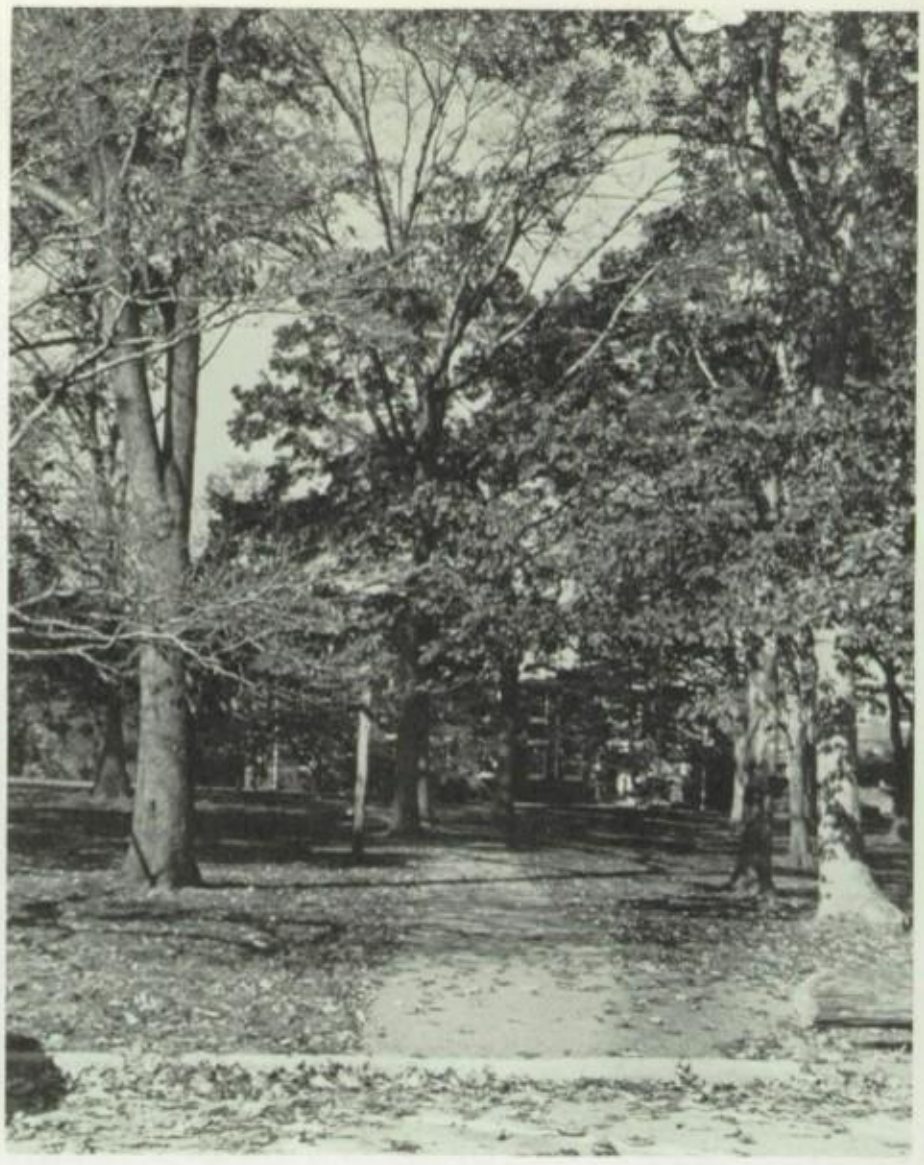


"Jesus said to them, 'My food is to do the will of him who sent me, and to accomplish his work."

John 4:34

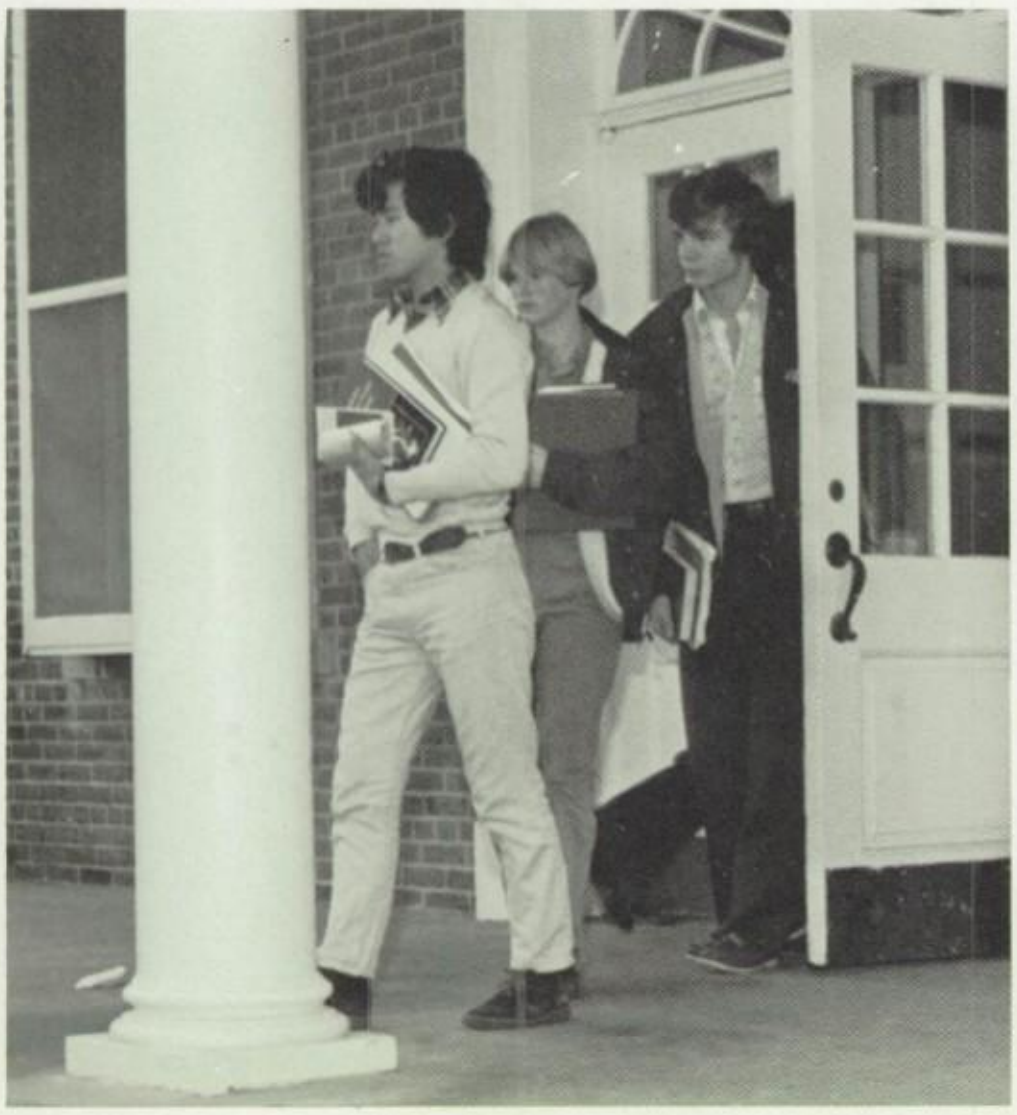
Everyone travels a path of life: The path ahead of us is the things we will accomplish; the path behind us, the things we have accomplished.

HEGEMAN HALL



"Res Gestae"
The Things Accomplished

Few people know the meaning of these words, but many years ago someone put a lot of thought and meaning into these words. That is why this year's yearbook staff has decided to enumerate upon these very words, "Res Gestae".



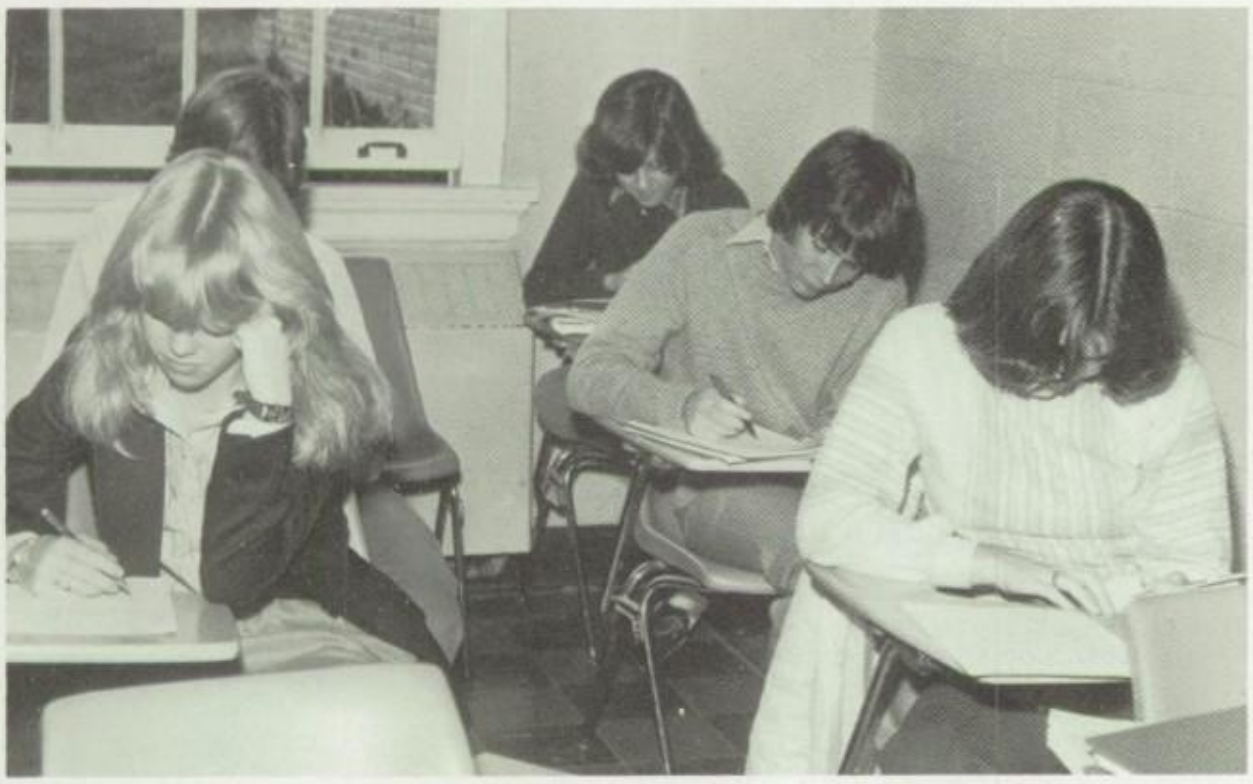
"I glorified thee on earth, having accomplished the work thou gavest me to do."

John 17:4

Eme, It's been great knowing not only as a tennis partner but as a good friend. Enjoy what ever you do and always be ready to take chances. Hope to see you playing Tennis next year. Philipino Blood is worth having.

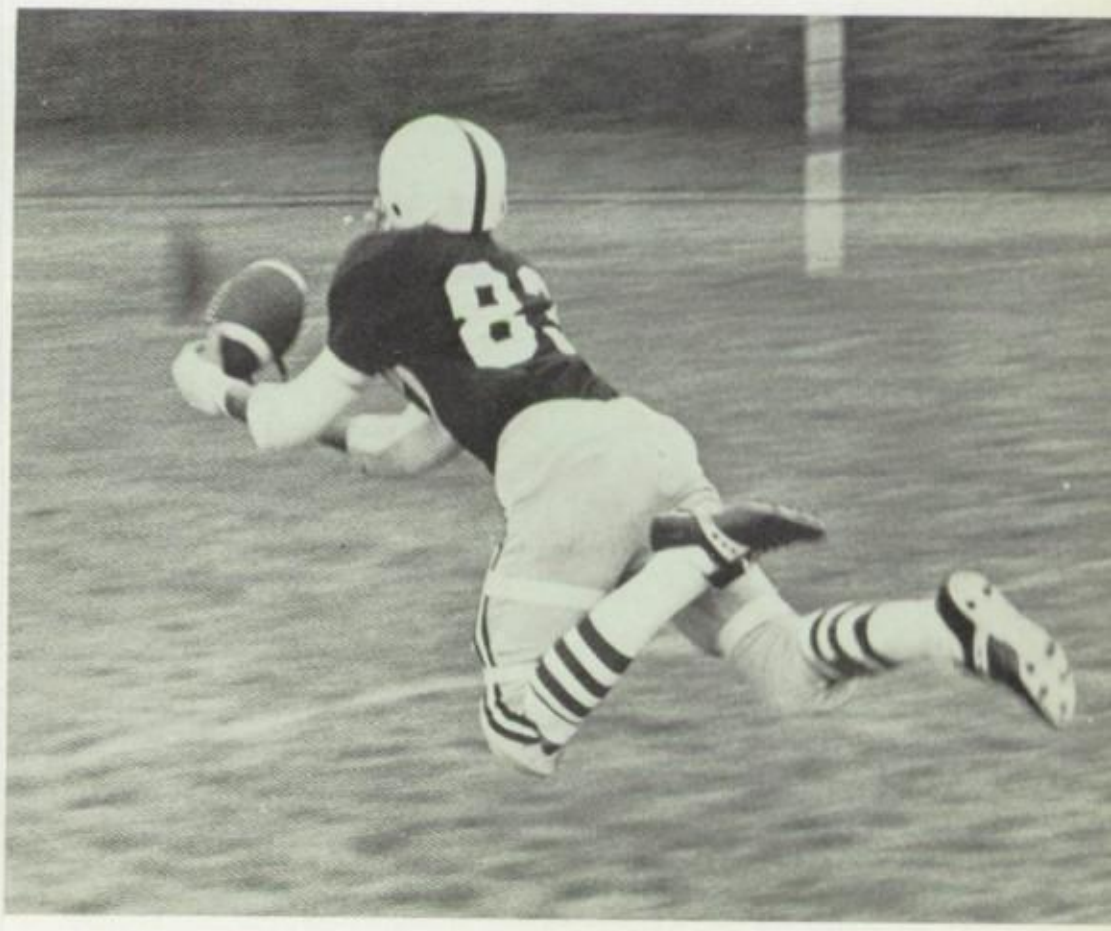
In Him
Chuck Fields

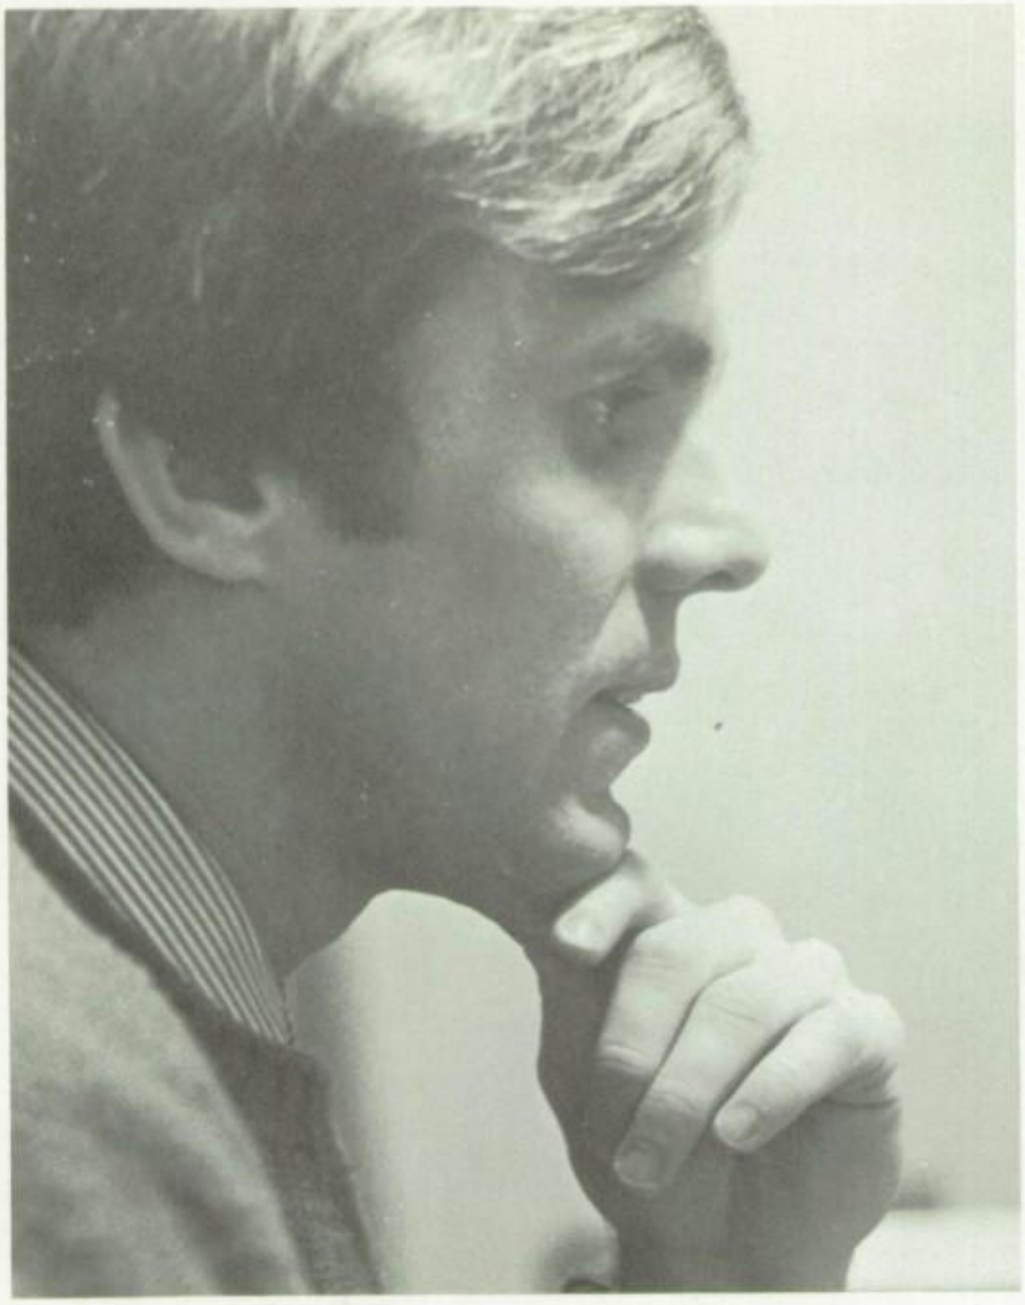
At Stony Brook, everyone has accomplished something. As a senior, you may have accomplished the first stage of your education, high school. As a student, you may have accomplished the grades you have been striving for all year. As an athlete, you may have accomplished the varsity letter. As a person, you may have accomplished the friendship of many other peers. As a Christian, you may have accomplished the strengthening of your faith with God and Jesus Christ. Or you may merely have accomplished another year of your life.

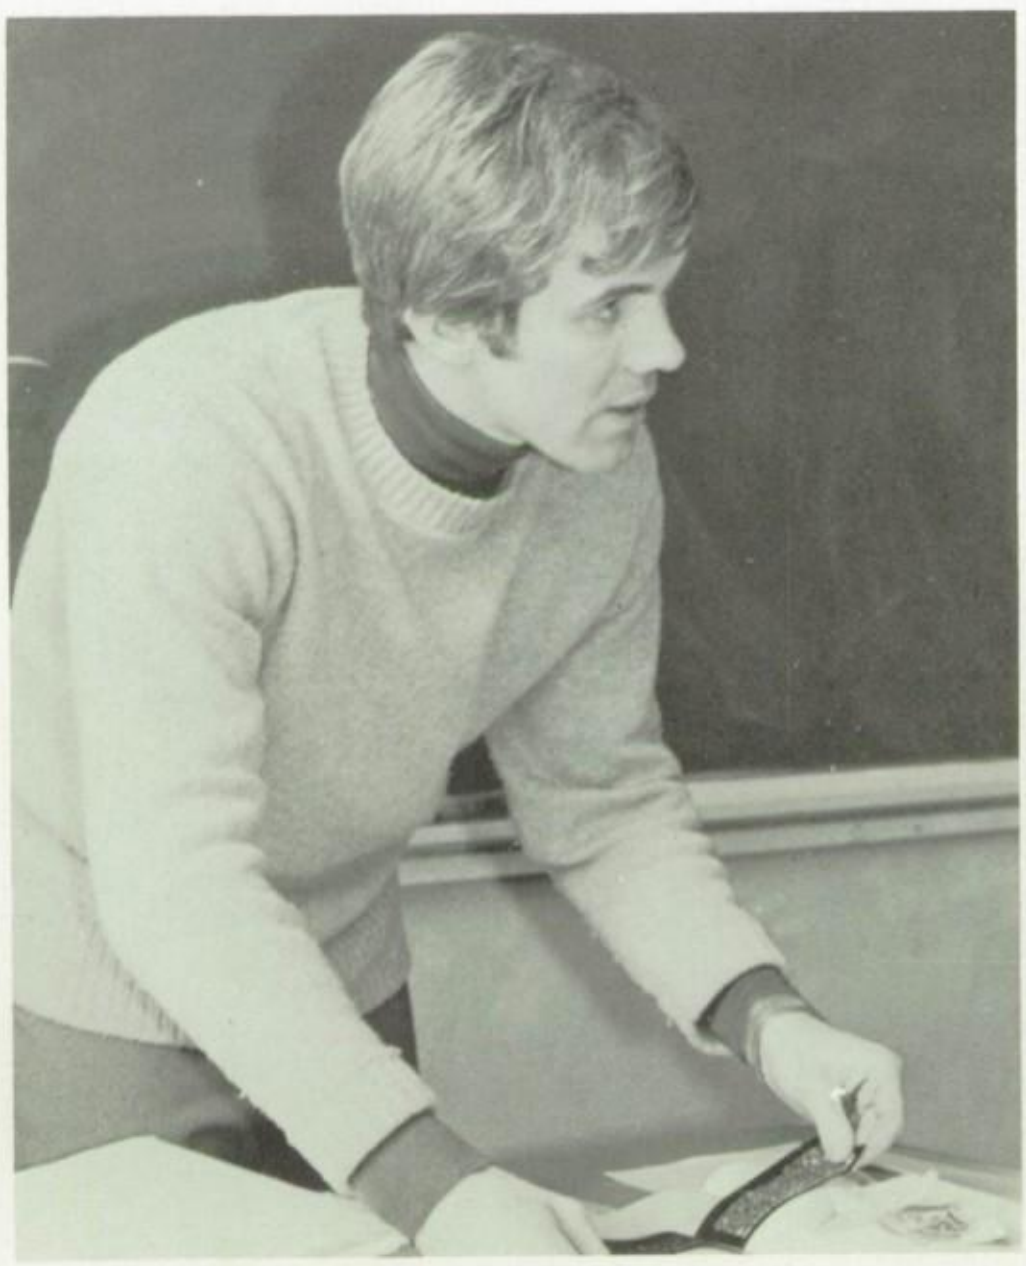


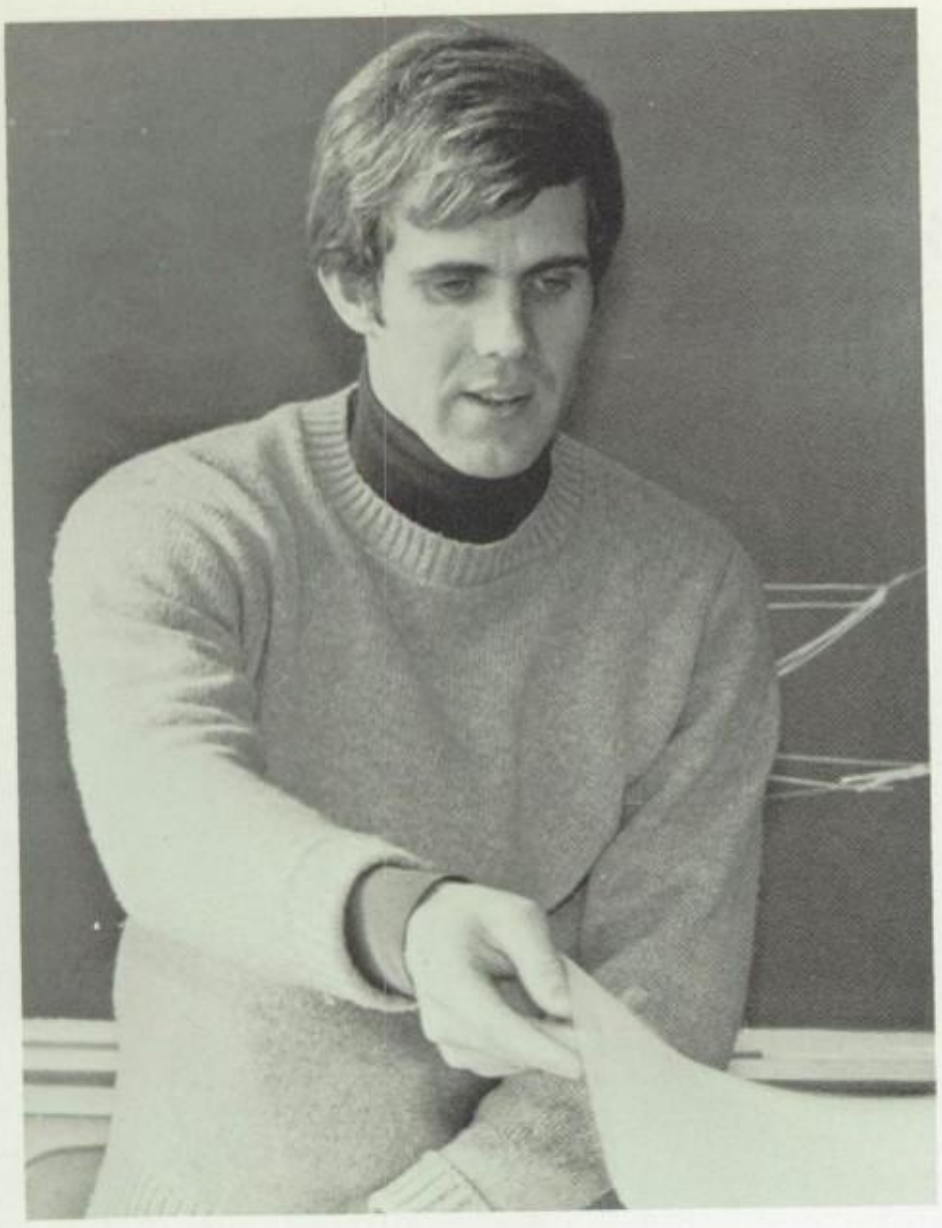
Inside this yearbook we have compiled the things that the students, faculty, staff and everyone who make up Stony Brook have accomplished. After all, this is the purpose of a yearbook, a collection of photographs, drawings, and writings that is put together so that everyone will remember the things we have accomplished for this year 1979.

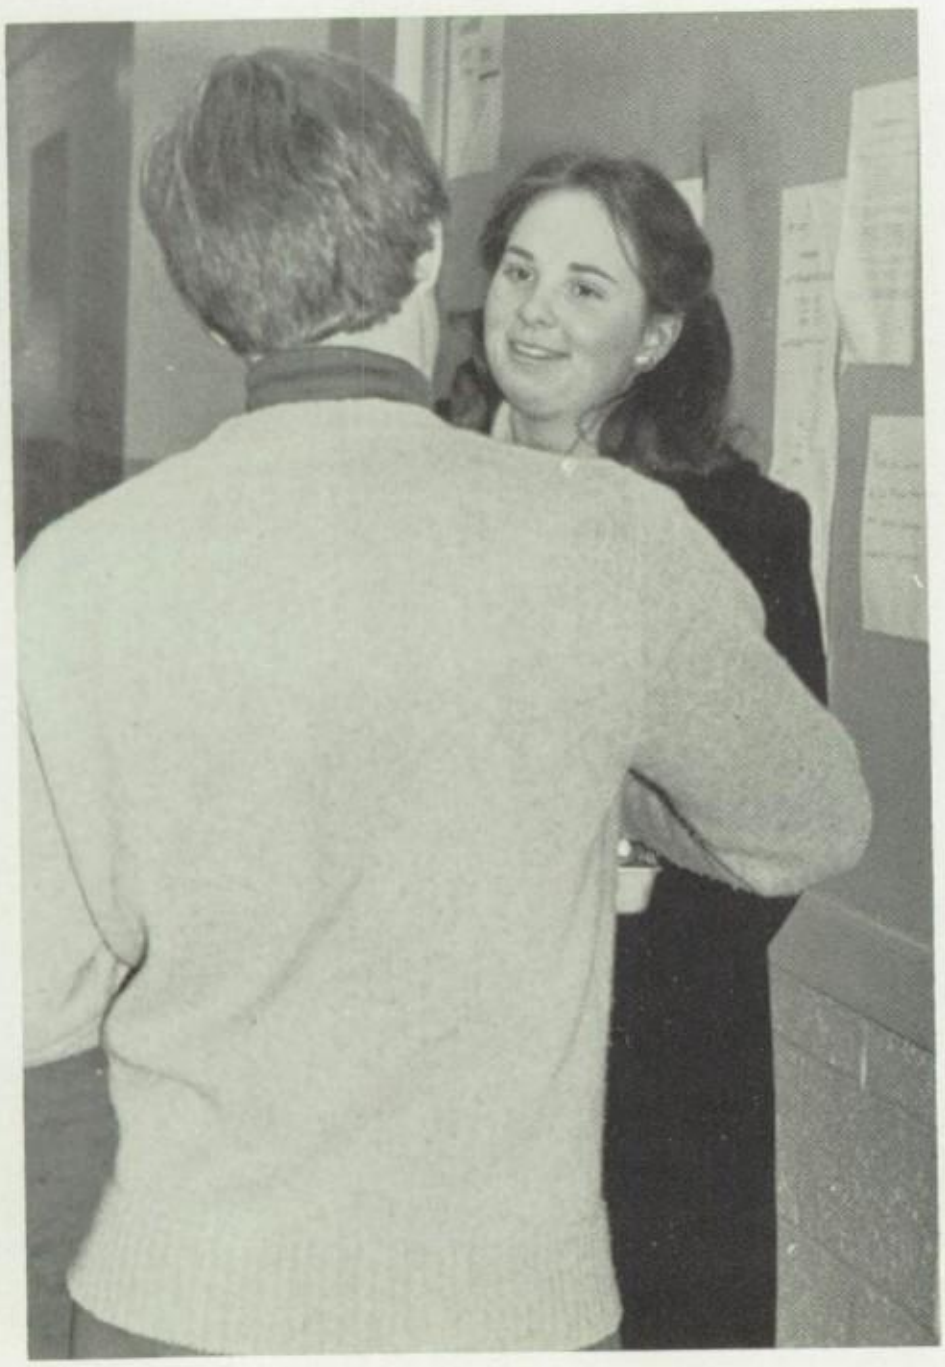
As you leaf through this book, use the book to allow you to remember the things that YOU have accomplished. And as you read this yearbook and recall the memories of this passing year, remember what the yearbook staff has accomplished.









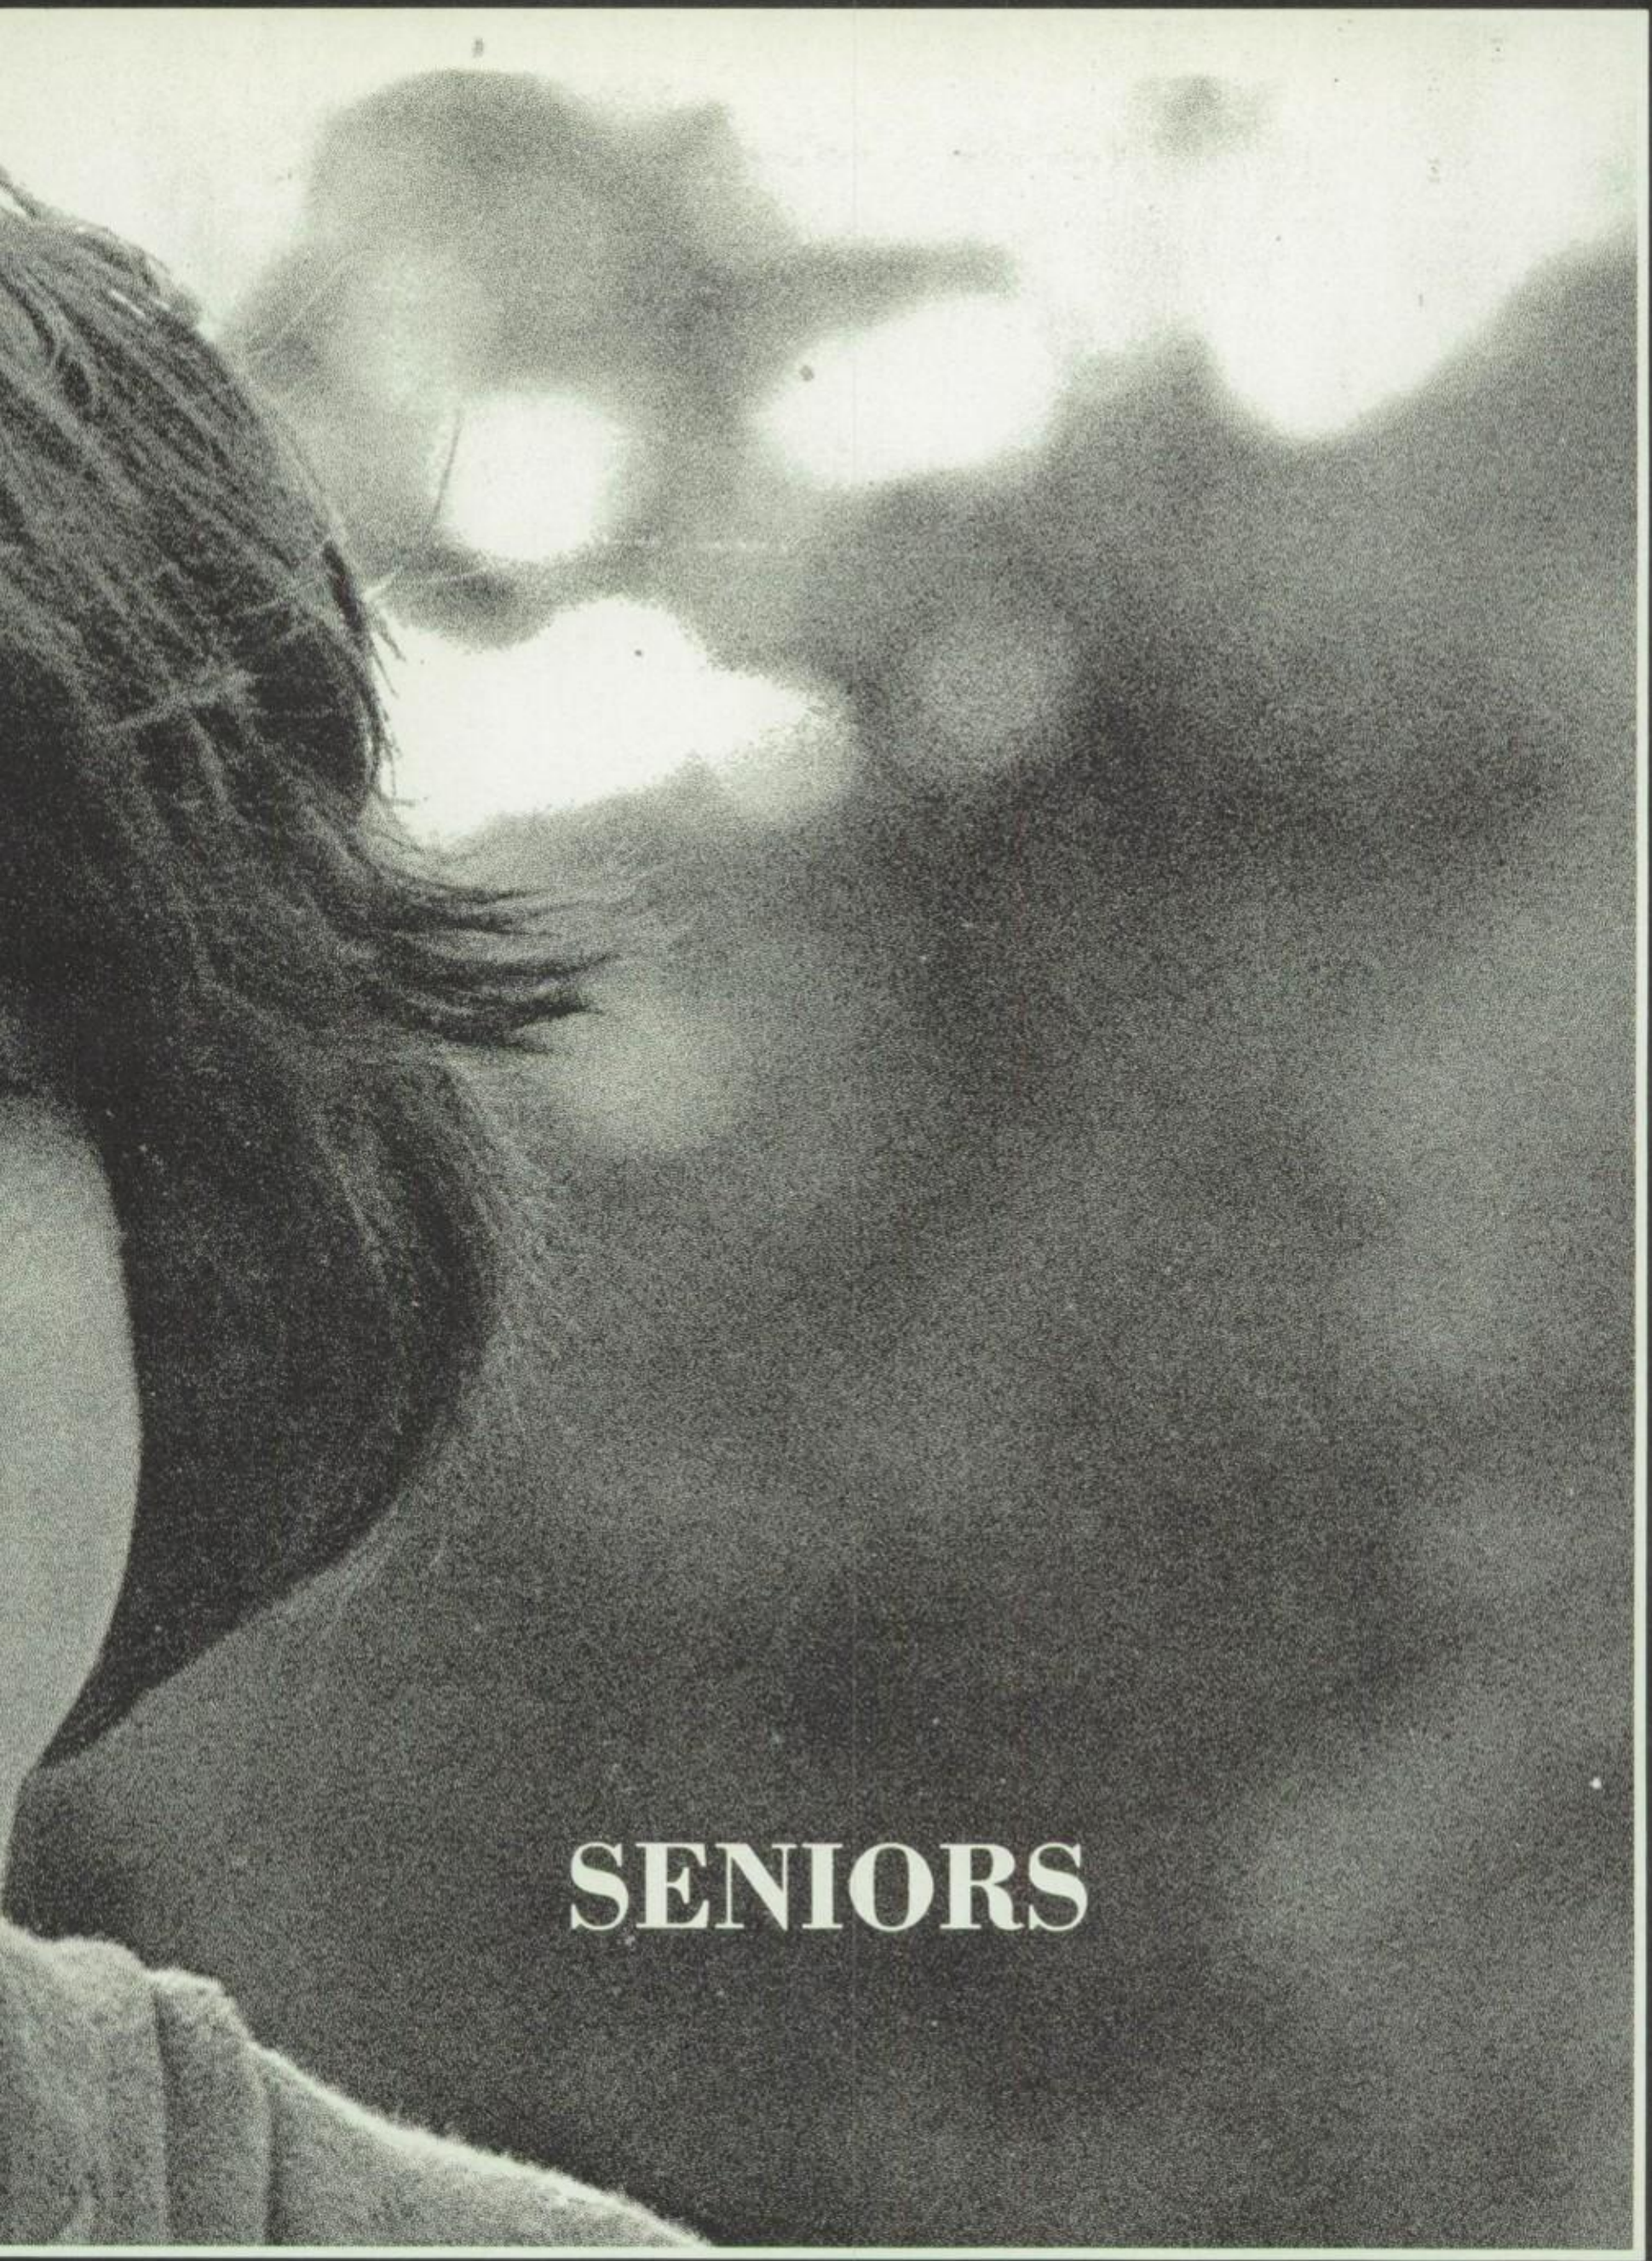


DEDICATION

Life at Stony Brook was not easy . . . nor was it necessarily meant to be. Throughout our year here we were shaped and molded so that we would be able to face the life ahead of us. We were constantly challenged and many things were demanded of us with one goal in mind . . . to see us succeed beyond the walls of Stony Brook.

In choosing the person to whom the 1979 Res Gestae is dedicated, much consideration was taken in finding the someone who best helped us, urged us, and prodded us along our separate paths, hoping to see us prosper in our future: a person who was always there in the halls to talk to us, a person who took the time out of his day to get to know each and every member of the Stony Brook Community, a person who devoted himself to the student.

We, the Senior Class, decided upon a person who best fit these qualifications. He was there with us on the track field encouraging us. He was there with us on outdoor education trips, tolerating our many complaints and struggles to survive. This person was Honor Committee Chairman, Junior Class Advisor, and a contributing member of the yearbook staff. He was always there to assist us . . . Bruce Boyce.



SENIORS

THANKS

There are also two other teachers who deserve special recognition: our class advisor and our college counsellor.

Mr. Weissbach is another person who spends a lot of his time helping the senior class. He took over the difficult position of becoming class advisor this year; a job that requires a lot of hard work and time, and he nursed us through our many ideas and thoughts until they became profitable realities and accomplishments.

Few people would take so much time out of their day, literally hundreds of hours, and slave over writing a letter for each of the seniors' colleges. Mr. Fonseca is dedicated in his work and sets before himself the task of placing each of his seniors into college . . . a feat not many others would care to do.

Together these two men aided the Class of '79 with undying faith and saw us through our trials and tribulations. Mr. Fonseca and Mr. Weissbach together exemplify the school's motto, "Character Before Career". Without them our accomplishments would have only been conjectures. Thank you for your help.

May 1979

Dear Seniors,

You have marched the halls of Memorial and Hopkins, memorized Shakespeare and Scripture, battled on the athletic fields. I trust you have learned habits of study and gained some perspectives which will be of help next fall in your colleges.

At Stony Brook you may well have made lifelong friends both among your fellow students and faculty. That is of precious value.

But I wish for you something more. It is that you have found in God the joy of real wisdom, in the person of Christ the resource for true character and integrity, and in His Spirit the motivation to love others as yourself.

Thank you for what you have given and what you will be.

The road goes ever on and on
Down from the door where it began
Now far ahead the road has gone,
And I must follow if I can,
Pursuing it with eager feet,

It is time for us to graduate and move on. However, there will always be a place in my heart for Stony Brook. There are few schools that I know of where such an assortment of people, races, and religion can survive together peaceably as a family. Life at Stony Brook was one of academic, athletic, social, and spirtual growth.
I came to know myself and what I can accomplish, and I made friendships that I feel will last forever.
I set high goals for myself at Stony Brook and I accomplished them with the help of a faculty and staff who were willing to take the time out of their day to become personal with the students, and with the help of the students themselves. Although Stony Brook does have its faults, the faults are undermined by the goodness and improvements that it has to offer every student that comes here.

Character is something each one of us must build for himself, out of the laws of God and Nature, the examples of others, and — most of all — out of the trials and errors of daily life. Character is the final decision to reject whatever is demeaning to oneself or to others and with confidence and honesty to choose the right.

LIFE AMBITION: Success in everything I do.

Fear the Lord, the God of your fathers, and serve him in love, for fear only restrains a man from sin, while love stimulates him to be good. Accustom yourself to habitual goodness for a man's character is what habit makes it. Keep firmly to your word; let not a legal contract or witnesses be more binding than your verbal promise whether in public or in private. Disdain reservations and subterfuges, evasion, and sharp practices. Abhor inactivity and indolence — the causes of destruction of body, of penury, of self contempt.

Moses Maimonides, 1190

The senior class would also like to give special thanks to a special person, Neil Akins. Mr. Akins or, as he was affectionately called, Neil, is an undying friend to Stony Brook.

As a member of the faculty, Neil was known as a hard worker and perfectionist. He expressed care and consideration to all who knew him and never was pessimistic towards anyone. The word "hate" was not in his vocabulary, instead he spread his love through the community.

He is probably best known for his work in dramatics. As the director of the Theatrical Arts Society, Neil transformed such plays as "The Music Man", "Room Service", "You Can't Take It With You", "All My Sons", and "Story Theatre" to the Stony Brook stage.

Yet even though he is not a member of the faculty now, his presence is still felt. Graciously, Neil came back to Stony Brook and gave an encore performance of Mark Twain this year to benefit the senior class. Neil's love for the young and the young at heart is the reason for his long commitment with Stony Brook. This commitment has earned him eternal friendship with the Stony Brookers and he will never be forgotten by Stony Brook or the senior class. Neil, thank you for all your help and hard work.

BOOGA — SHUCKA . . . BOOGA — SHUCKA
Another Stony Brook Football season was under way.

After hundreds of push-ups, fifty or more gassers, circuit drills and sprints, twenty five young men of courage, discipline and persistence remained to form the 1978 team. Though inexperienced and small, the Shrikes benefited by lessons learned in early season disappointments. To the delight of all, Stony Brook surprised La Salle Military Academy 14-6 in a close ball game which was scoreless until the 4th quarter. Another season highlight was the game against Friends Academy. Jon Davis, high scorer for the Shrikes, set a career record rushing for 128 yds. at the Friends game.

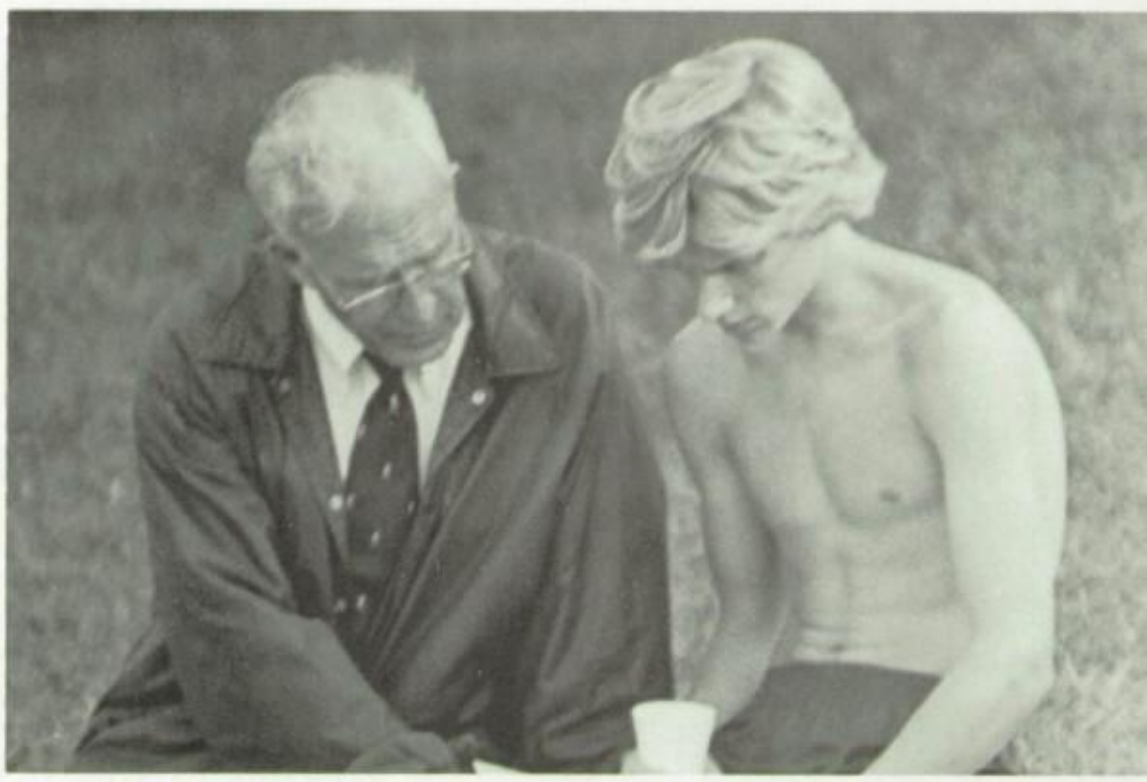
CROSS COUNTRY



A young and inexperienced team, this year's Cross Country runners, led by Mr. Goldberg, had a very good season. In its League, Stony Brook placed second only to Bridgehampton, a meet where our team was not fully represented. There were some close meets but most seemed to be training for the big competition to come.

With two state champions on the team it was exciting to watch them face stronger competition in the major races. Starting with the Suffolk County Coaches Meet and ending with the Federation Championship, it was remarkable to watch Andy and Laura clear their fields. Laura, at the St. Anthony's Invitational, defeated a field of runners including an All-American. Andy did as well by winning most of his major competitions.

A new addition was our girl's team who for their first season did very well, tying for second in the County championships.

For all on the team it was a hard working season, but also a season of memories of trips to meets, birthday cake in Poughkeepsie, state championships, bitter defeats and setbacks through injuries and joy of winning medals. This is a team that Stony Brook should be proud of.

VARSITY GIRL'S BASKETBALL

It has been an exciting year for girls' basketball. The team had the best season thus far at Stony Brook, finishing 7 and 7. The girls' dedication and effort paid off in the end. It was a year of growth — physically, emotionally and spiritually. The girls worked well together and learned to help each other achieve personal goals through hard work and encouragement.

WRESTLING

The 1978-79 Wrestling season was a very exciting and rewarding experience, not only from the wrestler's point of view but also the spectator's. This past season was one of the most successful, in recent years, for the Stony Brook Wrestling team. The team finished with an 8-3 record and placed well in two major tournaments in New York City. At the beginning of the season there was a tremendous amount of enthusiasm but not experience. As the season progressed many of the wrestlers seemed to jell into confident, mature individuals who developed a very strong competitive edge. There were many comments made from referees and coaches of the tremendous improvement made by the Stony Brook grapplers. It seemed as though the pursuit of excellence was being attained because of the dedication and hard work each individual gladly gave.

Dear Emery,
This year has been really good. I guess it is the best out of the 5 years I have been here. I can't believe that we are almost seniors. I never thought we would see the day. If I don't come back next year I know you will hold-up the class. Oh, by the way, have a great time in B.C. Calculus. Take care over the summer and if you get a chance drop me a line — love Wendy.

Emily,
I hope this has been a good year for you! I really didn't get to see you that much but I always knew you were around. I hope that we can get to be better friends next year. (I know I always write that, but I mean it.) It's been a good year for me and I hope you have had a good year too. Take care over the summer and don't drive all the girls crazy.

Love,

Diane

Emily,
I am glad this year is over but I must say that I had a fun & great time. Remember all those "winning basketball games," & hope that you go out for it again next year. For the tennis lessons, I have a great summer and a great year

To be a prefect. Not something any student could do. Or would want to. A lot of work. A lot of time mostly. Tuesday morning meetings. Cards to fill out. Lists to type. Activities to dream up. And don't forget weekend duty. Anybody want to trade Mr. Hanchett for Mr. Channon? Committees, meetings, group discussions. When will it all end? For these prefects, probably never. They have learned — they are learning — how to be leaders. Check it out in future *Stony Brook* Magazines, news of the class of 1979.

To be a prefect. More than busy work. Easy targets for the critics, the cynics. It's not easy to support the system. Or to maintain enthusiasm in January. Or to uphold the standards and still be one of the guys. Reliable, tactful, honest they were. And are.

To be a prefect. Also to be athletes, honor students, friends of many students, Christians. Involved, you participated and helped. You threw yourselves into a school routine. We got out a year of wonderful experiences.

Time out to say thank you for everything. Now, get back to work!

Dearest Emery - My favorite tennis player !! Will you remember me when you become famous?
I am going to miss you so much next year (how 'bout going to college with me?) Oh pack you in my
trunk !!) No... seriously, have a great year and don't be blue - good luck & God bless
P.S. Don't eat too many donuts

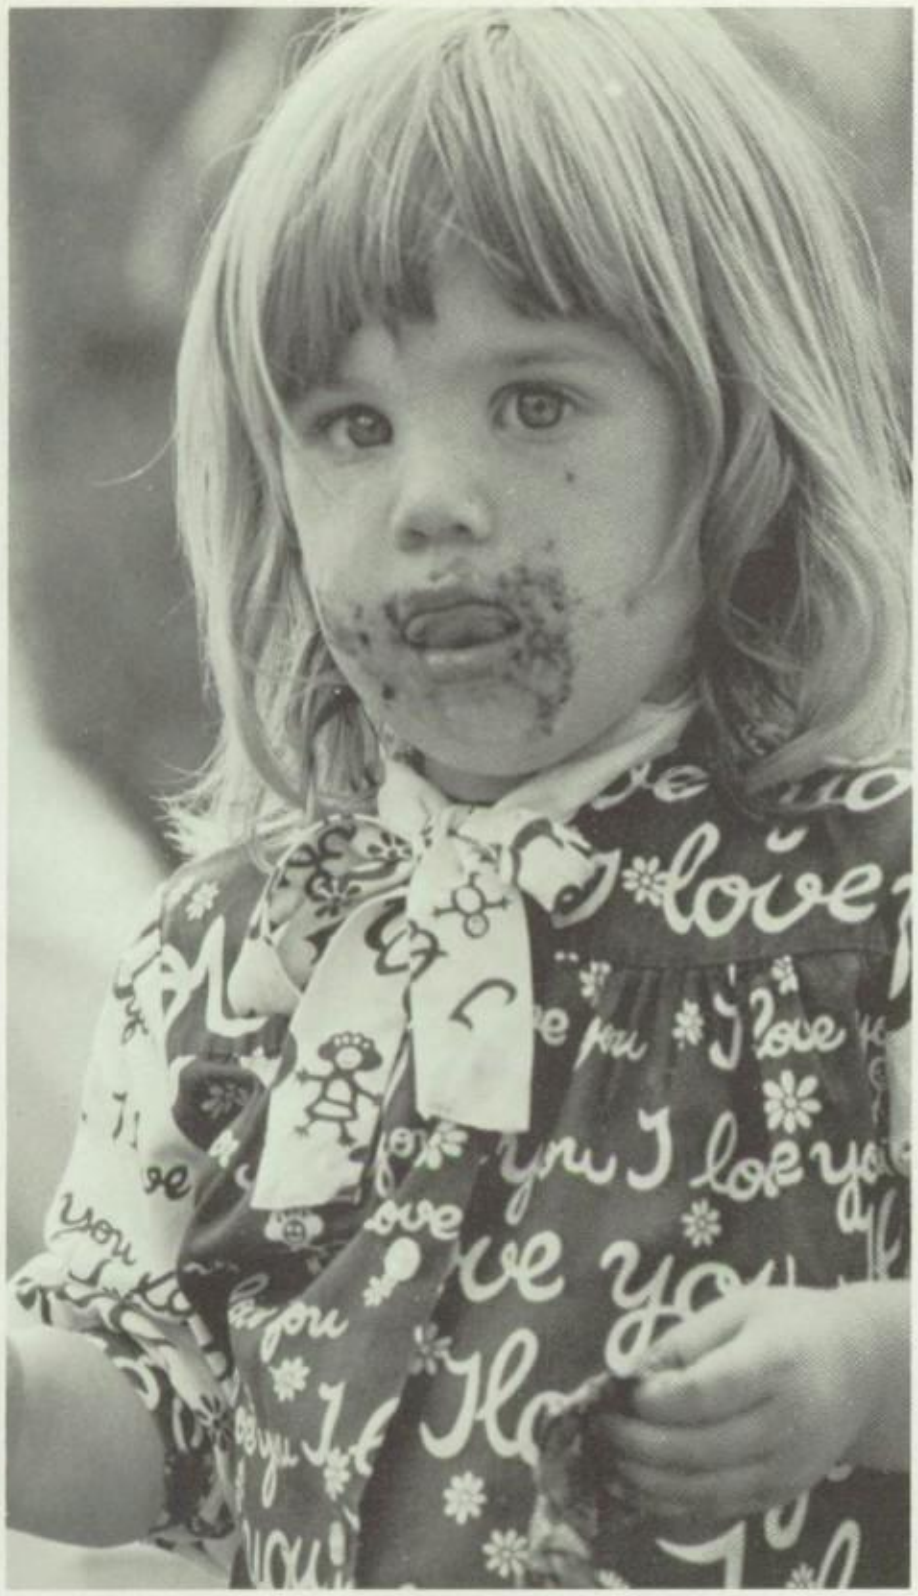
Emery, Wow, I'm glad our relationship has continued to last. Its been fun knowing such a unique creature as yourself. The fun in Calculus this year is unmentionable. I hated it and at the beginning we were the worst students in the class. I could see me but you Emery. Well you've improved Noproblem. Its cool. I surely hope to play some tennis this summer or Justrun into you somewhere

See Ya Love



So this is what a math book looks like?

"Dear Mom, Get me out of here!"

"I didn't know that was your contact. So sorry."

Epileptic Fit?!

C'mon guys, it wasn't *that* funny!

"You know, I dreamt I was going to wait last night."

Let's all watch Jeni drink her juice.

"Does this pencil mean we're going steady?"

"No, you can't have it. It's my football!"

Dear My Favorite People,

At the time to say good-bye, it seems to me that my past three years here were a play, and its curtain has just reached the floor. The play had some troubles going on, but now it's over. I remember some stars' faces. I pretended as a 10th, 11th, and 12th grader. It was fun with you.

The language trouble was the saddest thing in my twenty years. It put me in tears. To show my mind was so difficult. But let me say it in the other way that it's very fantastic to feel you as a friend without understanding you by words.

I'm sure, it was fun with you.

I hope to see you somewhere in my future,

or

I'll see you in a dream.

A
tree
is
God's
creation
everywhere
on earth - in-
cluding Brooklyn.
It's said man once
lived in trees. When he
climbed down, life never
again was to be quite so
simple . . . yet only then did the
tree get truly appreciated. For
here was food and fuel and shelter.
Then a weapon, a tool, a wheel - and
transportation. And now it's floors, doors
veneers, piers, baskets, caskets . . . rubber for
gaskets. It's a handle for brooms, shovels, rakes
. . . syrup on pancakes. It's paper and paints . . .
tars, spars, boxes and boxcars. . .storage bins and
blowing pins. It's toothpicks and matchsticks. . .even
plastics. . .material for distillation, lamination, insulation
. . .windows for ventilation, and a thousand and one other
we-can't-do-withouts. Yet few people look at a tree in the same
way. To the small boy it's a favorite and strategic place. . .
where you build a treehouse, spot a woodpecker,
cut slingshots and fishpoles, hang old tires and
climb for fun. To the naturalist it's probing a fascinating world of buds,
blossoms, bark, needles, cones and leaves. . .spectacles of color. . .
and some 1,035 domestic species.(Yet to a baseball player it's as simple as a
stick of second-growth ash, sized and shaped to "feel like a million.") To the artist
it's inspiration. . .alone on a windswept hill, timberline patchwork on a mountainside,
thick and verdant in a valley. To the homeowner it's beauty and shade and property
value. . .also digging, planting, pruning, edging, feeding and a lot of other weekend work.
To the hobbyist and craftsman it's a new bookcase, picnic table, panelled den, plywood
shelves. . .a chance to become downright "immortal". To the timberman it's a bustling
big business, measured by cords and board feet. But most of all, a tree remains what
it was in the first place. . .man's ever-lasting friend. For we'd sure be "stumped"
for a mighty
lot of things
in a world
without trees!

Climb high.
Climb far.
Your aim the sky.
Your goal a star.

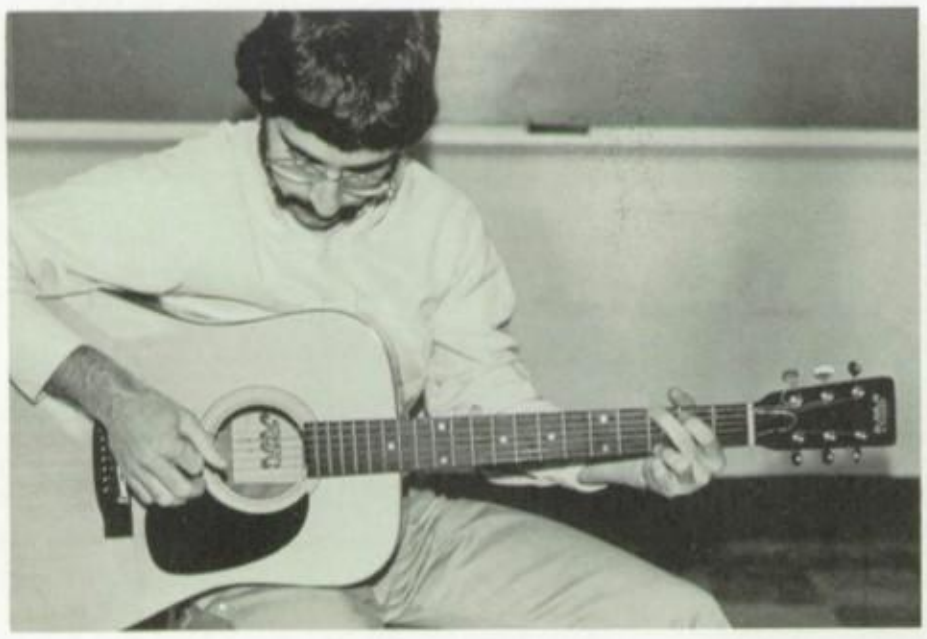
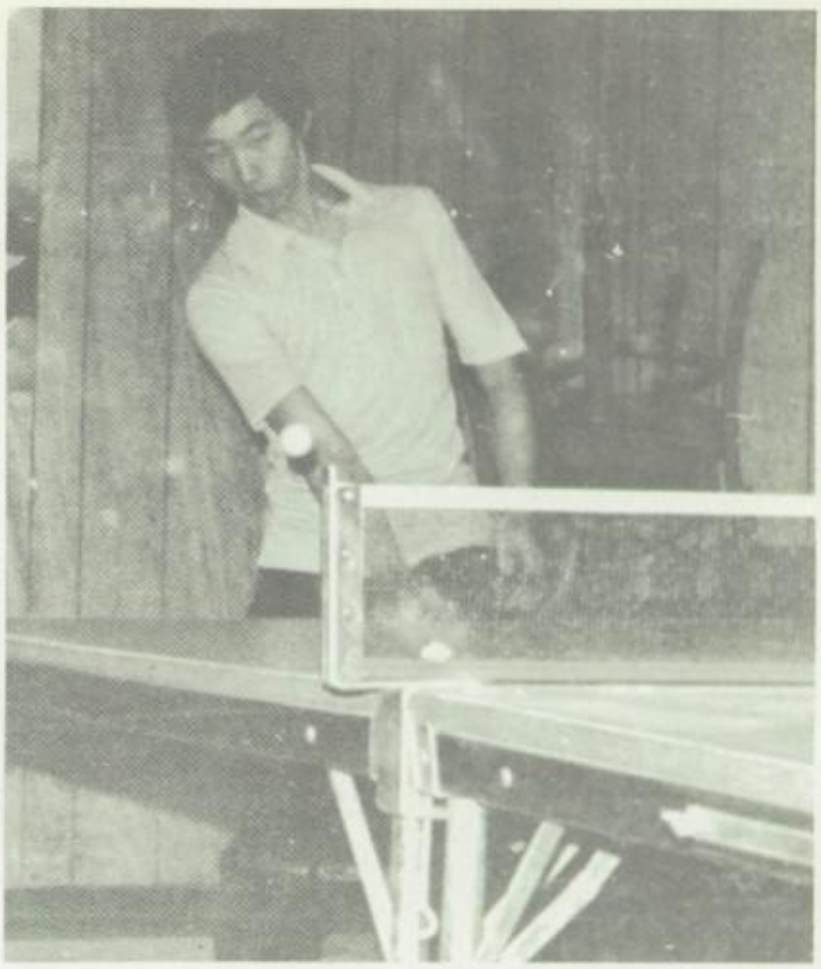
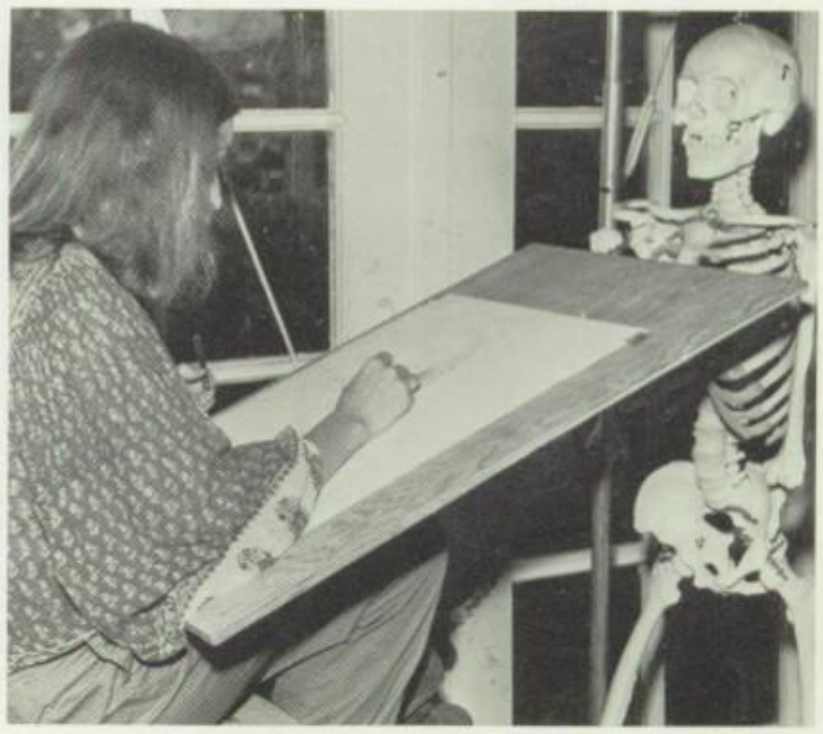
A LAST LOOK





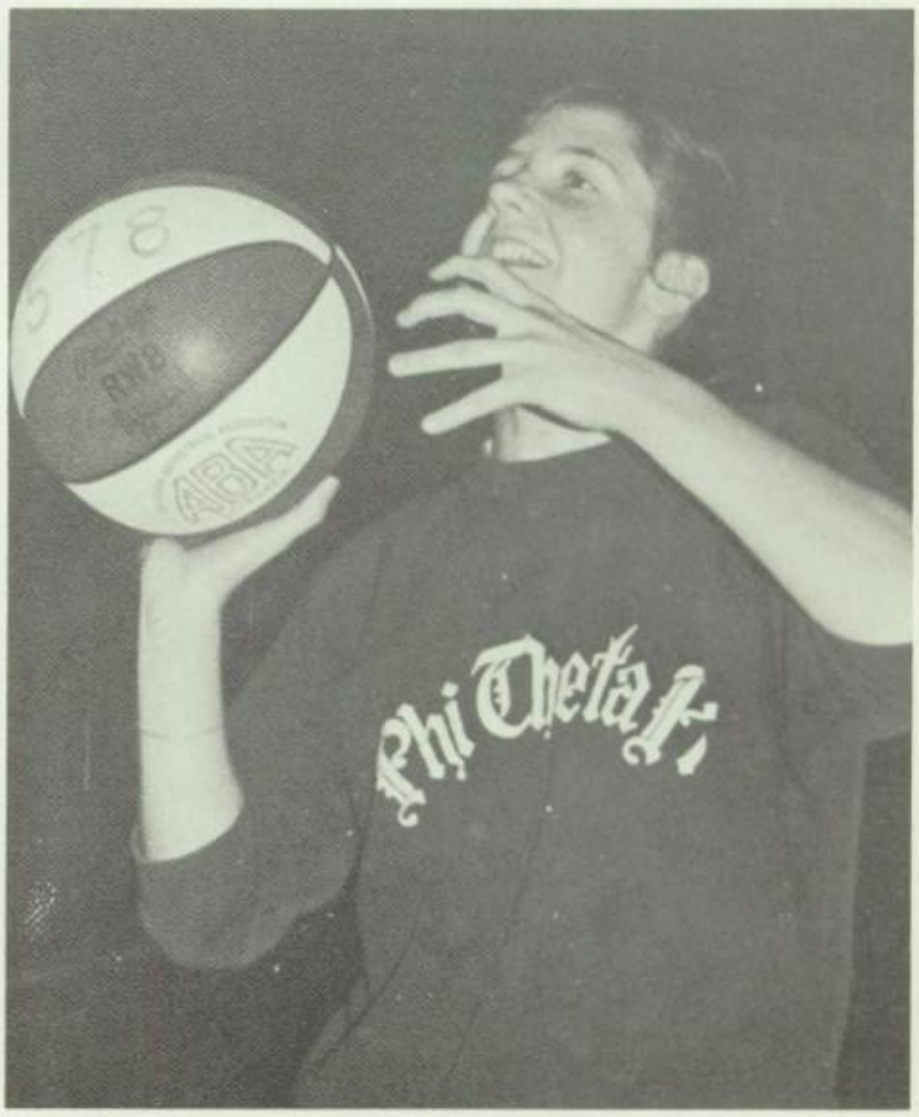


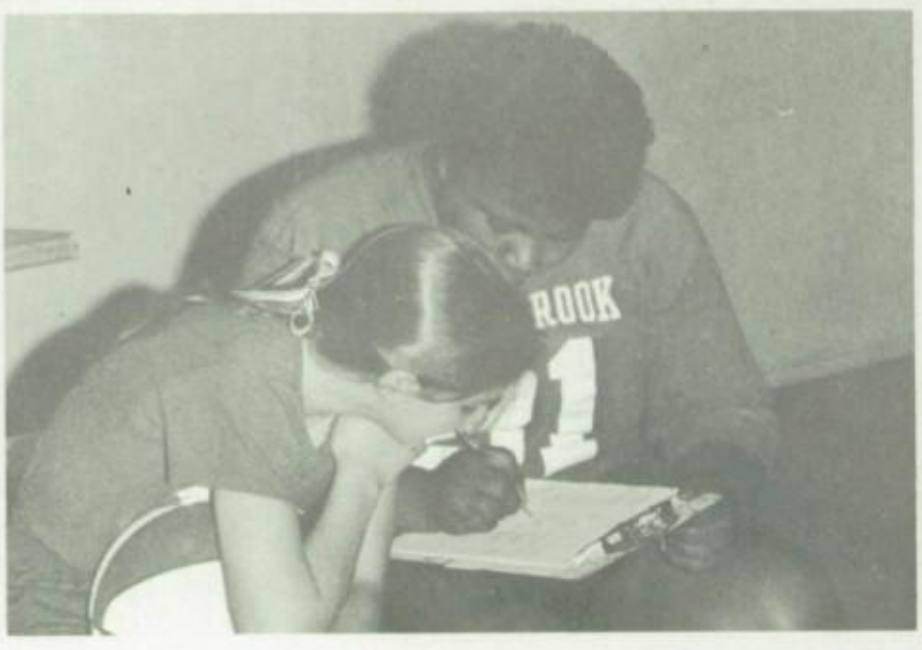
HEGEMAN

Res Gestae . . . The things accomplished . . .

Looking back on this past year brings back many fond and not so fond memories. There were many pressures to face from academics, sports, dorm life and our relationships with each other. However, these hard experiences shape us into what we are and what we will become.

But it is the fond memories which will stay with us as we continue on and turn to glance back at this past year. Memories of . . . John Papageorge's rendition of "Dunmore" . . . a football victory . . . Brain Bowls I and II (and a faculty one, too) . . . choir concerts . . . the retreat at Shelter Island . . . asking that special someone to the Sadie Hawkins . . . Jon Flagg's chapel talk . . . no water on a cold winter morning . . . the Silver 'Spoon Express to Friendly's . . . a weekend in the Dean's Office . . .





Can you find Charlotte, Ken, Chris and Rich?

. . . little Robbie Gustafson . . . after breakfast meetings in Johnston lounge . . . Senior auction and Gong Show . . . "American Graffiti" and "The Sting" . . . Mr. Weissbach's nuggets of truth . . . Valentine's dance . . . Mall trips . . . TAS . . . James Ward . . . dorm dinners . . . Groucho and Harpo . . . letters in your mailbox . . . the bachelorettes . . . and let's not forget the bachelors (or maybe we should) . . . a 4 on that English essay you burnt the midnight oil on . . . sledding down the Hollow on shower curtains and trays . . . a much needed nap in Physics . . . lounging in the sun on a warm spring day . . . Miss Merow's birthday . . . Mr. Haile's noontime tea (you can set your time by it) . . . Sheri Peterson's well-turned ankle.

These are just a few of the many memories we, the Class of '79, will keep with us as we take our separate paths. And as we leave, we would ask that, "The grace of the Lord Jesus Christ, and the love of our God, and fellowship in the Holy Spirit, be with you all." (II Corinthians 13:14)

Goodbye.

Emery: Were you cain or abel? It doesn't matter, but it's been a good year, and have a good summer. See you next year.

Andy Wax

Emery,
Well i finally found out what it was that Marisa wrote in that note. (the one that was suppoed to be in french) Thanks for telling me it didn't mean anything. well your a great pal.
have a good summer.
(you will) love
laurie

Emery,
this year has come and gone so fast, it seems like yesterday that I was cheering for you on J.V. Basketball. But this year we were both VARSITY. (wow) next year you'll be the star of the team. Have a really good summer. You're a really nice guy. I hope I see you next year.
Love always-
nancy

Emery,
Well I've had a pretty decent year, & hope your year was good one. So sad I couldn't have made varsity so could have a better chance to hit with you. well take care of yourself. have a go summer and I'll see ya next ye

Dear Emery,
I can't believe you've been her since 7th grade (you have been here since 7th grade haven't you I do remember you when you we little - what a squirt! you we the most hyper kid I've ever seen Now that you're grown up to be a man(!)! know that our friend ship can become deep and ful- filling (and all that crap)! Have fun over the summer and call me for a roller-skating date.

Love,
Cheryl

P.S. Don't forget to call. We can skate off into the sunset to- gether....

Emery,

I've really enjoyed this year. When I look back I remember some of the crazy stunts you pulled in Cullards and Uncle Lynn's class. Next years basketball team is going to be great, whether we win or not. I think we will win though. We have alot of potential for a good team. Work alot on basketball this summer and no one will be able to stop us.

I'm OK - Your OK

Have fun

Best Wishes

Bill

Emery:
It's been great to know you and listening to your crack jokes in Bible class. Have a decent summer and I'll see you in school. See you in the fall.

Keep Plowing

Emery,

It's been very nice to know you.

You are a nice person of one of the Stony Brook school

I hope you will remember English class and all the students in the class.

Have a nice summer

N. Ubamanot

P.S. Thanks for letting me use your typing

Hi!

Emery, Boy, what a year. I'll remember our conversations and especially our trips to Cullards and Uncle Lynn's class. Take care and I'll see you in the fall.

Regards,

Bill

Emery,

Good luck next year on basketball. I think we have a good team and we should do well. Keep up the good work in school and I'll see you next year.

Dave
